Beaudet Jewelry

Quality That Endures

Imagine a jewelry store that feels comfortable selling a 7ct. diamond and on the same day fixing a special plastic necklace for a special little girl. When Charles and Georgiann started their business over 40 years ago, they brought with them a tradition of respect for customers and their jewelry. This respect isn't predicated by the market value of the jewelry but the value of the jewelry to our customer.

Beaudet Jewelry - Our Mission

Quality That Endures

Imagine a jewelry store that feels comfortable selling a 7ct. diamond and on the same day fixing a special plastic necklace for a special little girl. When Charles and Georgiann started their business over 40 years ago, they brought with them a tradition of respect for customers and their jewelry. This respect isn't predicated by the market value of the jewelry but the value of the jewelry to our customer.

In 1976, with a very small nest egg and one small baby, Beaudet Jewelry Design opened its doors upstairs in Eugene's historic Quakenbush Building. Even with a very small but select inventory people were drawn to the unique designs and knowledge Chuck brought to the area. One of the first big sales they had was to a jogger who stopped in to ask about emeralds. When shown a stunning 1.5ct. gemstone, he pulled \$500 out of the tiny pocket in his jogging shorts and made the purchase. That was Eugene, for ya!

Today, Beaudet Jewelry is a Lane County tradition. Generations of families have made Beaudet Jewelry their trusted source for custom and unique jewelry. We cannot wait to make memories with you!
